FOR IMMEDIATE RELEASE

FREE PROSTATE SCREENING TO BE HELD AT NORTH CYPRESS MEDICAL CENTER ON SEPTEMBER 20TH

Cypress, TX, 7/13/10- North Cypress Medical Center is hosting a **FREE** Prostate Screening on September 20, 2010 in honor of Prostate Cancer Awareness Month of September. This screening will be held from 5:00pm to 8:00pm and will include PSA testing and a physical examination.

Prostate cancer is the most common type of cancer found in men, aside from skin cancer, and the second leading cause of cancer death in males. Every day a husband, father, son, brother, grandfather, friend dies every 17 minutes from this disease. Prostate cancer tends to grow very slowly causing it to be difficult to detect. Symptoms are rarely visible until the cancer has well advanced; therefore, PSA testing is essential in the early detection of prostate cancer.

The prostate screening is to be held at the North Cypress Cancer Center at 21216 Northwest Freeway, Suite 110. For more information or to register for the screening, please call 832.912.3734. **Registration before attending the screening is preferred.**

North Cypress Medical Center is a 150-bed acute care hospital located in Cypress (northwest Houston area), Texas. The hospital offers patients state-of-the-art medical care and technology in an upscale, five-star hotel-like atmosphere. Medical services include Cardiology, Critical Care, Emergency Care, Orthopedics including a Total Joint and Spine Center, Cancer care including Radiation Oncology, and Surgical Weight Loss. Visit our website at ncmc-hospital.com for more information.
